With a discography of more than 130 albums, including several videos, the ensemble continues to score hits on the Billboard charts.

Through four decades of performances, Canadian Brass has been an important pioneer in bringing brass music to audiences throughout the U.S., Canada, Japan and Europe. It has also toured South America, the Soviet Union, the Middle East and Australia. It was the first brass ensemble from the West to perform in China, as well as the first brass group to take the main stage at Carnegie Hall.

The group's five members are exclusive artists for Conn-Selmer Musical Instruments.
